Covid19 School Response Plan

1. Introduction

This Covid-19 Response Plan is designed to support the staff and Board of Management (BOM) in putting measures in place that will prevent the spread of Covid-19 in Shountrade N.S.

The Covid-19 Response Plan details the policies and practices necessary for a school to meet the Government's 'Return to Work Safely Protocol', the Department of Education and Skills plan for school reopening and to prevent the spread of Covid-19 in the school environment. The plan incorporates current advice about measures to reduce the spread of Covid-19 in the community issued by the National Public Health Emergency Team (NPHE).

It is important that the resumption of school based teaching and learning and the reopening of school facilities comply with the protocol to minimise the risk to students, staff and others. As the advice issued by NPHE continues to evolve, this protocol and the measures management and staff need to address may also change.

The response plan will support the sustainable reopening of our school where the overriding objective is to protect the health of staff and pupils while promoting the educational and development needs of the children in the school.

Shountrade National School

In line with the Return to Work Safely Protocol, the key to a safe and continued return to work, and re-opening of our schools requires strong communication and a shared collaborative approach between the Board of management, staff, pupils and parents.

This document aims to provide details of:

- 1. COVID-19 School Policy**
- 2. Planning and Preparing for Return to School a. School Building b. Signage**
- 3. Procedure for Returning to Work (RTW)**
- 4. Return to work safely and Lead Worker Representative(s)**
- 5. Safety Statement and Risk Assessment**
- 6. General advice to prevent the spread of the virus**
- 7. Managing the Risk of Spread of Covid-19**
- 8. Control Measures**
- 9. Dealing with a suspected case of Covid-19**
- 10. Staff Duties**
- 11. Covid related absence management**
- 12. Employee Assistance and Wellbeing Programme**

The assistance and cooperation of all staff, pupils, parents/guardians, contractors and visitors is critical to the success of the plan. Every effort is made to ensure the accuracy of the information provided in this document.

However, should errors or omissions be identified, please notify us so that appropriate measures can be taken to rectify same. Note: The plan is a live working document and may be reviewed and amended to take into account new guidance from www.gov.ie www.dbei.ie www.hse.ie www.hpsc.ie www.hsa.ie www.education.ie

2. Shountrade N.S. COVID-19 Policy

Shountrade National School

This COVID-19 policy outlines our commitment as a school to implement the plan and help prevent the spread of the virus. The policy will be signed and dated by the Principal and Chairperson of the Board of Management and brought to the attention of staff, pupils, parents and others.

Covid 19 Policy Statement

Shountrade National School is committed to providing a safe and healthy workplace for all our staff and a safe learning environment for all our pupils. To ensure that, we have developed the following COVID-19 Response Plan. The BOM and all school staff are responsible for the implementation of this plan and a combined effort will help contain the spread of the virus. We will:

- continue to monitor our COVID-19 response and amend this plan in consultation with our staff
- provide up to date information to our staff and pupils on the Public Health advice issued by the HSE and Gov.ie
- display information on the signs and symptoms of COVID-19 and correct handwashing techniques
 - Staff, including teachers who cannot maintain a 2M distance from students or other staff to be required to wear face coverings.
 - All SNA's to be required to wear face coverings.
- agree with staff, a worker representative who is easily identifiable to carry out the role outlined in this plan
- inform all staff and pupils of essential hygiene and respiratory etiquette and physical distancing requirements
- adapt the school to facilitate physical distancing as appropriate in line with the guidance and direction of the Department of Education
- keep a contact log to help with contact tracing
- ensure staff engage with the induction / familiarisation briefing provided by the Department of Education
- implement the agreed procedures to be followed in the event of someone showing symptoms of COVID-19 while at school
- provide instructions for staff and pupils to follow if they develop signs and symptoms of COVID-19 during school time
 - implement cleaning in line with Department of Education advice All school staff will be consulted on an ongoing basis and feedback is encouraged on any concerns, issues or suggestions.

This can be done through the Lead Worker Representative(s), who will be supported in line with the agreement between the Department and education partners.

Signed: _____ Date: _____

Shountrade National School

Principal

3. Planning and Preparing for Return to School

The Board of Management of Shountrade N.S. aims to facilitate the resumption of school based teaching and learning and the return to the workplace of staff. The return to the work must be done safely and in strict adherence to the advice and instructions of public health authorities and the Government.

Details for the reopening of the school facility and the applicable controls are outlined in this document.

a. School Buildings

Before re-opening schools in the new school year schools are reminded to check the following:

- Does the water system need flushing at outlets following low usage to prevent Legionella disease;
- Has school equipment and mechanical ventilation been checked for signs of deterioration or damage before being used again;
- Have bin collections and other essential services resumed

b. Signage

Schools will be required to display signage outlining the signs and symptoms of COVID-19 and to support good hand and respiratory hygiene. The following is a link to the dedicated area of the Health Protection and Surveillance Centre (HPSC) website where there are a number of posters, including those appropriate for primary school pupils, located. Irish versions are also available here <https://www.hpsc.ie/a-z/respiratory/coronavirus/novelcoronavirus/posters/> Posters and signs will be displayed in prominent areas such as offices, corridors, staffroom area, classrooms and toilets.

4. Procedure for Returning to Work (RTW)

Shountrade National School

In order to return to the workplace, staff must complete a Return to Work (RTW) form, which is available electronically or from the Principal.

A RTW form should only be completed at least 3 days prior to any proposed date of return to the workplace. On receipt of the completed form the Principal will provide: details of the Induction Training for completion by staff prior to the return to the workplace and details of any additional health and safety measures in place in the school to facilitate the staff member's return to the school facility.

5. Return to work safely and Lead Worker Representative

Responsibility for the development and implementation of the Covid-19 Response Plan and the associated control measures lies primarily with the Board of Management and the School Leadership. The Return to Work Safely protocol provides for an agreed procedure between management and staff to appoint a Lead Worker Representative to carry out a specific role. The role of the worker representative is to ensure that Covid-19 measures are adhered to in the workplace as follows

- Work collaboratively with the employer to ensure, so far as is reasonably practicable, the safety, health and welfare of employees in relation to COVID-19.
- Promote good hygiene practices such as washing hands regularly and maintaining good respiratory etiquette along with maintaining social distancing in accordance with public health advice.
 - To ensure Staff, including teachers who cannot maintain a 2M distance from students or other staff are wearing face coverings.
 - To ensure all SNA's are wearing face coverings.
- Assist with the implementation of measures to suppress COVID-19 in the workplace.
- Monitor adherence to measures put in place to prevent the spread of COVID-19.
- Consult with colleagues on matters relating to COVID-19 in the workplace.
- Make representations on behalf of their colleagues on matters relating to COVID-19 in the workplace.

If a staff member has any concerns or observations in relation to the Covid-19 Response Plan and control measures or the adherence to such control measures by staff, parents/guardians, contractors or visitors, he/she should contact the lead worker(s) who will engage with the Principal/BOM.

Shountrade National School

Name(s) of Lead Worker representative: Alan Kilcoyne

Name of Deputy Lead Worker representative: Olive Walshe

All staff, parents/guardians, contractors and visitors have a responsibility both as individuals and collectively to have due regard for their own health and safety and that of others and to assist with the implementation of the Covid-19 Response Plan and associated control measures.

6. Safety Statement and Risk Assessment

COVID-19 represents a hazard in the context of health and safety in the school environment. A template risk assessment to identify the control measures required to mitigate the risk of COVID-19 in school settings is attached at Appendix 1.

7. General advice to prevent the spread of the virus

In order to prevent the spread of COVID-19 it is important to know and recognise the symptoms.

They are:

- High temperature
- Cough
- Shortness of breath or breathing difficulties
- Loss of smell, of taste or distortion of taste

The best way to prevent the spread of COVID-19 in a school is to minimise the risk of introduction of the disease into the school setting in the first place. This can be achieved through the following measures:

- Promote awareness of COVID-19 and its symptoms amongst staff, pupils, parents and visitors.

Shountrade National School

- Advise staff and parents of pupils who have symptoms of COVID-19 or other acute infectious diseases not to attend school, to phone their GP and follow the HSE guidance on self-isolation.
- Advise staff and parents of pupils who have been identified by the HSE as contact of a person with COVID19 not to attend schools and to follow the HSE advice on restriction of movement.
- Ensure that staff and pupils know what to do if they develop symptoms at school.
- Staff, including teachers who cannot maintain a 2M distance from students or other staff to be required to wear face coverings.
- All SNA's to be required to wear face coverings.
 - Everyone entering the school building should be required to perform hand hygiene with hand sanitiser.
 - Visitors to school during the day should be by prior arrangement and should be received at a specific contact point. (main entrance)

Staff, pupils and visitors should at all times adhere to the up to date advice and instructions of the public health authorities in relation to protecting oneself and others against the risk posed by the Covid-19 virus.

Updated advice from the HSE is available on its website – <https://www2.hse.ie/coronavirus/>

The Department of Education and Skills will ensure all updated advice is circulated to schools. Shountrade N. S. will arrange for this advice to be circulated to staff, pupils and visitors in a timely manner.

8. Managing the risk of spread of COVID-19

a. Wash your Hands Frequently

Regular hand washing with soap and water is effective for the removal of COVID-19. Follow the HSE guidelines on handwashing:

For advice from HSE on how to wash your hands the following link will be helpful: <https://www2.hse.ie/wellbeing/how-to-wash-your-hands.html>

b. Hand Hygiene and Hand Sanitisers

Shountrade National School

Hand hygiene can also be achieved by the use of a hand sanitiser (when hands are clean). Hand sanitiser are more readily deployed in school settings to avoid disruption to teaching and learning and to avoid congestion of staff and pupils waiting to use hand washing facilities. They will be available at entry and exit points and in each classroom.

c. Avoid Touching Eyes, Nose and Mouth

Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

d. Physical Distancing

Physical distancing is recommended to reduce the spread of infection. This can be achieved by increasing separation and decreasing interaction. Classes will be structured into Class Bubbles(a class grouping which stays apart from other classes as much that is practical) and from 3th to 6th classes, Class Bubbles will be divided into 'Pods'(discrete groups) to the extent that is practical. There will be 1m between 'Pods' where possible. Sharing educational material/resources will be minimized. A no hand shaking and no hugs policy will be in place in the school. Children will not be permitted into school grounds until 8 45. Children will walk directly to their classrooms (Bubbles) and congregating in the school yard is strictly prohibited. Only parents of Junior and Senior infants will be allowed access to the school yard to walk their children to the entrance of their classroom. The school yard will be divided into sections to limit interaction of different classes at breaktimes and lunchtimes.

e. Practice respiratory hygiene

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with a tissue or your bent elbow when you cough or sneeze. Then dispose of the used tissue immediately. By following good respiratory hygiene, you protect the people around you from viruses such as cold, flu and Covid-19.

Good hygiene practices and washing your hands properly and regularly can help stop the spread of the virus. It is, therefore, crucial that all staff adhere to this advice and adopt the following practices as strictly as possible.

Shountrade National School

f. Do

- Wash your hands properly and often
- Cover your mouth and nose with a tissue or your sleeve when you cough and sneeze
- Put used tissues into a bin and wash your hands
- Clean and disinfect frequently touched objects and surfaces.

g. Do Not

- Touch your eyes, nose or mouth if your hands are not clean
- Share objects that touch your mouth – for example, bottles, cups, cutlery, etc.

h. People at Very High Risk (Extremely Vulnerable)

Current public health guidelines have identified groups who are defined as being at very high risk. The HSE has set out these groups, which include people who: The list of people in very high risk groups include people who:

- are over 70 years of age - even if you're fit and well
- have had an organ transplant
- are undergoing active chemotherapy for cancer
- are having radical radiotherapy for lung cancer
- have cancers of the blood or bone marrow such as leukaemia, lymphoma or myeloma who are at any stage of treatment
- are having immunotherapy or other continuing antibody treatments for cancer
- are having other targeted cancer treatments which can affect the immune system, such as protein kinase inhibitors or PARP inhibitors
- have had bone marrow or stem cell transplants in the last 6 months, or who are still taking immunosuppression drugs

Shountrade National School

- severe respiratory conditions including cystic fibrosis, severe asthma, pulmonary fibrosis, lung fibrosis, interstitial lung disease and severe COPD
- have a condition that means you have a very high risk of getting infections (such as SCID, homozygous sickle cell)
- are taking medicine that makes you much more likely to get infections (such as high doses of steroids or immunosuppression therapies)
- have a serious heart condition and you are pregnant

The advice for this group is available from the HSE. Staff who are in this group should self-declare on the Return to Work form if they believe that they are at very high risk. Details of the leave arrangements that will apply will be updated by the Department of Education and Skills. If the Board/Principal is unsure whether or not staff fall into the very high-risk category, advice will be sought from the Occupational Health Service.

i. Face Coverings

- Staff, including teachers who cannot maintain a 2M distance from students or other staff to be required to wear face coverings.
- All SNA's to be required to wear face coverings.

9. Control Measures

A range of essential control measures have been implemented to reduce the risk of the spread of Covid-19 virus and to protect the safety, health and welfare of staff, pupils, parents/guardians and visitors as far as possible within the school . These control measures are outlined in this document.

The control measures shall continue to be reviewed and updated as required on an ongoing basis. It is critical that staff, pupils, parents/guardians and visitors are aware of, and adhere to, the control measures outlined and that they fully cooperate with all health and safety requirements. Staff, in particular, should note that they have a legal obligation under Section 13 of the Safety, Health and Welfare

Shountrade National School

at Work Act 2005 to comply with health and safety requirements and to take reasonable care for the health and safety of themselves, their colleagues and other parties within the workplace.

The following control measures have been put in place:

a. Return to Work Form

Staff will be required to complete a RTW form at least 3 days prior to any return to the school facility (see section 2 above). The purpose of the RTW form is to get confirmation from staff that, to the best of his/her knowledge, he/she has no symptoms of Covid-19 and is not self-isolating or cocooning or awaiting the results of a Covid-19 test.

b. Induction Training

All staff will undertake and complete Covid-19 Induction Training prior to returning to the school building.

The aim of such training is to ensure that staff have full knowledge and understanding of the following:

- Latest up to-date advice and guidance on public health
- Covid-19 symptoms
- What to do if a staff member or pupil develops symptoms of Covid-19 while at school
- Outline of the Covid-19 response plan

Staff will be kept fully informed of the control measures in place in the school and their duties and responsibilities in preventing the spread of Covid-19 and with any changes to the control measures or guidance available from the public health authorities.

If a staff member is unsure about any aspect of the Covid-19 Response Plan, the associated control measures, or his/her duties, he/she should immediately seek guidance from the Principal.

Shountrade National School

c. Hygiene and Respiratory Etiquette

It is crucial that all staff, pupils, parents/guardians, contractors and visitors are familiar with, and adopt, good hand and respiratory hygiene practices. Guidance documentation and Information posters will be available at various locations within the school facility. Information posters will be prominently displayed at appropriate locations within the school facility including offices, corridors, staffroom area, classrooms and toilet areas. Such are intended to inform but also remind everyone about the importance of hygiene in preventing the spread of Covid-19 virus and protecting health and safety. Handwashing facilities and/or hand sanitisers are available at multiple locations within the school facility and should be available in each classroom

d. Use of Personal Protective Equipment (PPE)

Face Coverings

- Staff, including teachers who cannot maintain a 2M distance from students or other staff to be required to wear face coverings.
- All SNA's to be required to wear face coverings.

For a limited number of staff, PPE will need to be used occasionally or constantly due to the nature of certain work activities or work areas.

Such include roles where:

- Performing intimate care
- Where a suspected case of Covid-19 is identified while the school is in operation

Appropriate PPE will be available for dealing with suspected COVID-19 cases, intimate care needs and for first aid. This will be updated in line with advice from the HPSC (Health Protection Surveillance Centre) Where staff provide healthcare to children with medical needs in the school environment they should apply standard precautions as per usual practice.

e. Wearing of Gloves:

Shountrade National School

The use of disposable gloves in the school setting by pupils or staff is not appropriate. It does not protect the wearer and may expose others to risk from contaminated gloves. Routine use of disposable gloves is not a substitute for hand hygiene.

f. Cleaning

Arrangements for more regular and thorough cleaning of areas and surfaces within the school will be made. Regular and thorough cleaning of communal areas and frequently touched surfaces shall be conducted, in particular, toilets, door handles and kitchens. Cleaning will be performed regularly and whenever facilities or surfaces are visibly dirty. All staff will have access to cleaning products and will be required to maintain cleanliness of their own work area. Staff should thoroughly clean and disinfect their work area before and after use each day. There will be regular collection of used waste disposal bags from offices and other areas within the school facility. Staff must use and clean their own equipment and utensils (cup, cutlery, plate etc.).

g. Access to the school building /contact log

Access to the school facility will be limited to school staff and students with the exception visitors for essential purposes. Arrangement for necessary visitors such as contractors and parents/guardians will be restricted to essential purposes and limited to those who have obtained prior approval from the Principal. The prompt identification and isolation of potentially infectious individuals is a crucial step in restricting the spread of the virus and protecting the health and safety of the individuals themselves and other staff, contractors and visitors at the workplace. A detailed sign in/sign out log of those entering the school facilities will be maintained. The school will maintain a log of staff and students contacts.

h. First Aid/emergency procedure

The standard First Aid/Emergency procedure shall continue to apply in Shountrade National School. In an emergency or in case of a serious incident, call for an ambulance or the fire brigade on 112/999 Contact the principal or nearest first aider giving details of location and type of medical incident.

Shoustrade National School

In an emergency or in case of a serious incident, call for an ambulance or the fire brigade on 112/999 Contact the Principal or nearest first aider giving details of location and type of medical incident.

10. Dealing with a suspected case of Covid-19

Staff or pupils should not attend school if displaying any symptoms of Covid-19. The following outlines how Shoustrade N.S. will deal with a suspected case that may arise during the course of work.

A designated isolation area has been identified within the school building. The possibility of having more than one person displaying signs of Covid-19 should be considered and a contingency plan for dealing with additional cases put in place.

If a staff member/pupil displays symptoms of Covid-19 while at work in Shoustrade N.S. the following are the procedures to be implemented:

- If the person with the suspected case is a pupil, the parents/guardians should be contacted immediately
- Isolate the person and have a procedure in place to accompany the individual to the designated isolation area via the isolation route, keeping at least 2 metres away from the symptomatic person and also making sure that others maintain a distance of at least 2 metres from the symptomatic person at all times
- Provide a mask for the person presenting with symptoms if one is available. He/she should wear the mask if in a common area with other people or while exiting the premises
- Assess whether the individual who is displaying symptoms can immediately be directed to go home/be brought home by parents and call their doctor and continue self-isolation at home
- Facilitate the person presenting with symptoms remaining in isolation if they cannot immediately go home and facilitate them calling their doctor. The individual should avoid touching people, surfaces and objects. Advice should be given to the person presenting with symptoms to cover their mouth and nose with the disposable tissue provided when they cough or sneeze and put the tissue in the waste bag provided
- If the person is well enough to go home, arrange for them to be transported home by a family member, as soon as possible and advise them to inform their general practitioner by phone of their symptoms. Public transport of any kind should not be used
- If they are too unwell to go home or advice is required, contact 999 or 112 and inform them that the sick person is a Covid-19 suspect.
- Carry out an assessment of the incident which will form part of determining follow-up actions and recovery

Shountrade National School

- Arrange for appropriate cleaning of the isolation area and work areas involved. The HSE will inform any staff/parents who have come into close contact with a diagnosed case via the contact tracing process. The HSE will contact all relevant persons where a diagnosis of COVID-19 is made. The instructions of the HSE should be followed and staff confidentiality is essential at all times.

11. Staff Duties

Staff have a statutory obligation to take reasonable care for their own health and safety and that of their colleagues and other parties.

In order to facilitate a safe return to work, these duties include, but are not limited to, the following:

- Staff, including teachers who cannot maintain a 2M distance from students or other staff to be required to wear face coverings.
- All SNA's to be required to wear face coverings.
- Adhere to the School Covid-19 Response Plan and the control measures outlined. The cooperation and assistance of all staff is essential to reduce the risk of spread of Covid-19 and to protect health and safety as far as possible within the school. All staff have a key role to play
- Coordinate and work with their colleagues to ensure that physical distancing is maintained
- Make themselves aware of the symptoms of Covid-19 and monitor their own wellbeing
- Self-isolate at home and contact their GP promptly for further advice if they display any symptoms of Covid19
- Not return or attend school if they have symptoms of Covid-19 under any circumstances.
- If they develop any symptoms of Covid-19 whilst within the school facility, they should adhere to the procedure outlined above
- Complete the RTW form before they return to work
- Must inform the Principal if there are any other circumstances relating to Covid-19, not included in the form, which may need to be disclosed to facilitate their safe return to the workplace
- Must complete Covid-19 Induction Training and any other training required prior to their return to school
- Must be aware of, and adhere to, good hygiene and respiratory etiquette practices
- Keep informed of the updated advice of the public health authorities and comply with same.

13. Employee Assistance and Wellbeing Programme

Shountrade National School

The Board of Management aims to protect and support the health and wellbeing of all staff (physical, mental, spiritual etc.) both at work, whether in the school facility or at home and outside of work.

The Board of Management is mindful that the support and promotion of staff health and wellbeing is particularly important in the current context where the Covid-19 pandemic has caused considerable challenges for, and disruption to, people's personal, family and social lives as well as their work arrangements.

The Board of Management aims to foster a culture and work environment that support healthy behaviours and staff wellbeing and shall continue to make health and wellbeing tools and guidance available to staff as well as organising suitable support programmes, initiatives and events.

These are challenging times for everyone. Should a staff member experience any stress or anxiety in respect of work or work arrangements, he/she should feel free to speak to the Principal.

Appendix 1 -Risk assessment

Methodology used for hazard identification and control

In line with the requirements of Safety, Health and Welfare at Work Act 2005 (section 19) it is the policy of the BoM in Shountrade National School to address significant hazards and risks in the workplace, to assess the risks to safety, health and welfare and to control these risks as far as is reasonably practicable.

The Board is committed to the ongoing identification of hazards, the assessment of the appropriate risks and the introduction of controls to deal with them. In addition, staff are involved and participate in safety, health and welfare issues within the school and are encouraged to identify and report any potential hazards that may exist and to ensure that a risk assessment is carried out.

This revised Risk Assessment includes all relevant updates and necessary control measures to minimise the risk of staff and others being exposed to Covid-19 and these will be incorporated into the Safety Statement for Projects in line with requirements of section 20 of the 2005 Act.

It is envisaged that additional reviews will be undertaken on a regular basis and in line with Government and public health advice to ensure that all information remains accurate, that controls are appropriate and where necessary risks are reassessed.

Shountrade National School

A **hazard** is anything with the potential to cause harm to the safety, health or welfare of staff, students, visitors and contractors – a wet or slippery floor, an unguarded machine, stressful work, a blocked entrance, hazardous chemicals etc. Hazards may be classified as physical, chemical, biological, environmental or human.

A **risk** is the likelihood that someone will be harmed by a hazard and the severity of that harm.

Control measures:

A control measure is an applied measure that reduces the level of risk. Control measures can be applied at the planning stage, can comprise physical measures, can be management issues and can include training. Good control measures will require a combination of some or all of these.

Control measure principles:

Schedule 3 of the Safety, Health and Welfare at Work Act 2005 lists the Principles of Prevention and the Board of Management undertakes to apply these principles (where practicable) in dealing with all risks within the school:

- Avoidance of risks
- Evaluation of unavoidable risks
- Combating of risks at source
- Adaptation of work to the individual
- Adaptation of workplace to technical progress
- Replacement of dangerous articles, substances or systems of work by safe or less dangerous articles, substances or systems of work
- Priority to collective protective measures over individual protective measures
- Development of an adequate prevention policy which takes account of technology, organisation of work, working conditions, social factors and the influence of factors relating to the working environment
- Appropriate training and instructions to employees.

Shountrade National School

When the safety audit identifies hazards, it is necessary to evaluate and rank them so that they can be controlled in an orderly way. The risk of a hazard is a measure of the likelihood or probability of an accident coupled with the severity of the injury or loss. The risk potential of each hazard was assessed (by ranking) by giving numerical values of between 1 and 5 to both the **severity** of the consequences and the **probability** of the event occurring. When the severity numerical factor and the probability numerical factor were multiplied together, they produced a number between 1 and 25 thereby producing the numerical values outlined in **risk rating** chart below.

Severity x Probability = Risk Rating

Severity

Severity Rating	Interpretation	Numerical Value
Fatality or Catastrophic	Single or multiple fatalities, widespread illness, large scale property or equipment damage	5
Major	Serious injury or illness, significant property or equipment damage	4

Shountrade National School

Moderate	Injury and damage to property	3
Minor	Minor injury or illness, minor property or equipment damage	2
Trivial	No significant injury or illness, no significant property or equipment damage	1

Probability/Likelihood

Probability Rating	Interpretation	Numerical Value
Inevitable	Likely to occur either immediately or in the short term	5
Very Likely	Could occur in time or if repeated enough	4
Likely	Likely to occur	3
Unlikely	Though unlikely, may occur over time	2
Rare	Unlikely to occur at all	1

Risk Rating

Shountrade National School

Numerical Value Severity x Probability	Descriptive risk rating	Interpretation
16 – 25	<p>Emergency – Extremely serious</p> <p>If an incident were to occur, it would be likely that a permanent, debilitating injury or death would result</p>	<p>Risks are unacceptable and immediate action required justifying special maintenance. Activity should be halted and stopped until the hazard is eliminated or appropriate risk controls are put in place.</p>
11 – 15	<p>Severe and Serious</p> <p>If an incident were to occur, it would be likely that an injury requiring medical treatment would result.</p>	<p>Activity can proceed but substantial efforts should be made to reduce the risk. Risk reduction measures should be implemented urgently within a defined time period and it might be necessary to consider suspending or restricting the activity or to apply interim control measures until this has been completed.</p>
6 – 10	<p>Medium</p> <p>If an incident were to occur, there would be some chance that an injury requiring First Aid treatment would result</p>	<p>Activity can proceed but consideration should be given as to whether the risks can be lowered. Control measures must be monitored and reviewed as required to ensure they remain suitable and sufficient.</p>
1 – 5	<p>Trivial or Negligible</p> <p>If an incident were to occur, there would be little likelihood that an injury would result</p>	<p>No additional controls are necessary as these risks are considered acceptable. Activity should be regularly reviewed to ensure there is no change to the risk rating and that controls are maintained.</p>

Shountrade National School

***Note:** A numerical rating has been used in column 4 of the risk assessment sheets to describe the risk potential for the hazard identified This method has been used in an attempt to ensure that the levels of risk will be understood and clear to all those operating within the school.

Who may be affected?	Identified Risks	Risk Communication, Education and Training Controls	Risk Rating with controls	Action implementation
----------------------	------------------	--	------------------------------	-----------------------

Shountrade National School

<p>Staff</p>	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk of complications if they catch the coronavirus are:</p> <ul style="list-style-type: none"> • 60 years of age and over • have long-term medical conditions – i.e. heart disease, lung disease, high blood pressure, diabetes or cancer • pregnant women <p>Known effects of the coronavirus:</p> <ul style="list-style-type: none"> • A fever (high temperature of 37.5 degrees Celsius or above) • A cough - this can be any kind of cough, not just a dry cough • Shortness of breath or breathing difficulties • Loss of sense of smell • Loss of sense of taste or distortion of sense of taste • Death 	<p>The Board of Management will develop a response plan for the prevention and mitigation of Covid-19 following a risk assessment of the school facility. Who may be affected?	Identified Risks	Formal Lessons, Dropping off and collection up of pupils, Break Times and Physical Education Controls	Risk Rating with controls	Action implementation
<p>Staff Pupils Parents/guardians Bus and taxi drivers Wider Community</p>	<p>Spread of Covid-19 virus</p> <p>Persons currently deemed most at risk of complications if they catch the coronavirus are:</p> <ul style="list-style-type: none"> • 60 years of age and over • have long-term medical conditions – i.e. heart disease, lung disease, high blood pressure, diabetes or cancer • pregnant women <p>Known effects of the coronavirus:</p> <ul style="list-style-type: none"> • A fever (high temperature of 37.5 degrees Celsius or above) • A cough - this can be any kind of cough, not just a dry cough • Shortness of breath or breathing difficulties • Loss of sense of smell • Loss of sense of taste or distortion of sense of taste • Death 	<ul style="list-style-type: none"> • Classes will be structured into Class Bubbles (a class grouping which stays apart from other classes as much that is practical) and from 3rd to 6th classes, Class Bubbles will be divided into ‘Pods’(discrete groups) to the extent that is practical. There will be 1m between ‘Pods’ where possible. • Formal Lessons Junior Infants to 4th class will begin at 9 00 am. 5th Class and 6th Class will begin at 9.05 am. • Arrangements for dropping off and picking up pupils from the school facility are organised to maintain, as far as is reasonably practicable, a safe social distance between drivers/parents/guardians and all school staff. • Entrances. To avoid crossing paths on entry and exit we are now using 3 access points for pupils. RED Entrance= Fire exit at end of school building. WHITE Entrance= Main school door. BLUE Entrance= Door at the top of school (old Building) <p>NOTE- The pupils entering these areas need to do so through the gate opposite Entrance</p> <p>GATES. RED= Gate at hurling pitch.</p>	<p>Requires monitoring</p>	<p>Board of Management Principal Staff Bus and taxi drivers</p>

Shountrade National School

WHITE= Main school gate

BLUE= Gate at the top of school wall at old building side.

Note:- There are coloured footprints on the school yard to highlight these points of entry.

Junior Infants and 1st/ 2nd Class- **RED entrance**

Senior Infants and 3^r/ 4th Class- **WHITE entrance**

5th and 6th Class- **BLUE entrance**

1. Dropping pupils to school

- Nobody is permitted on the school grounds until 8 45 am. From 8 45 am children will walk to their classrooms/Bubble and congregating in the school yard or at the school gate is strictly prohibited. If people arrive before 8 45 am they are asked to wait in their cars.
- Parents/ Guardians of Junior and Senior Infants are permitted to walk their children to the school gate entrance.
- We encourage Parents/ Guardians from 1st to 6th Class to allow children to enter school as quick as possible and independently if they can.
- This is to avoid any congregating at school gate.
- Parents/ Guardians are not permitted on the school yard/grounds.

2. Collection of pupils.

- Junior Infants and Senior Infants:

At 1 40 pm, infants will be collected Parents/ Guardians of infants are encouraged to

Shountrade National School

adhere to social distancing protocols. Parents of Junior and Senior Infants are permitted to collect their children at the school gate entrance.

- **1st Class to 6th Class:- Staggered**

At 2 40 am children will leave the school in a staggered manner. 1st/2nd/3rd/4th will leave at 2 40 pm, and 5th and 6th will leave at 2 45 am.

We encourage Parents/ Guardians from 1st to 6th Class to encourage their child/ children to make their way from the school yard to Parent/ Guardian as quick as possible and independently if they can.

- This is to avoid any congregating at school gate.

NOTE: Supervision will be on the school yard until 2.50pm

This system will apply rain, hail or shine so please ensure that your child comes to school prepared for the weather everyday! - thank you.

3. Break Times.

Breaks- Staggered-There are 3 designated yards sections

NOTE-Classes/Bubbles will not be mixing during break times

- **SOS:**

Junior Infants/ Senior Infant/ 1st Class and 2nd Class

10.50 to 11.00

3rd/ 4th/5th and 6th class

11.00 to 11.10

Shountrade National School

- LÓN:**
 Junior Infants/ Senior Infant/ 1st Class and 2nd Class
 12.30 to 1.00

 3rd/ 4th/5th and 6th class
 1.00 to 1.30
 - Physical Education:**
 We have introduced a continuous timed daily WJR- Walk/Jog/ Run to each class/
 Bubble
 (Weather Permitting).
- Junior Infants-2 Minutes**
Senior Infants- 3 Minutes
1st Class/ 2nd Class- 4 Minutes
3rd Class/ 4th Class- 5 Minutes
5th Class/ 6th Class- 6 Minutes
- P.E.-** Children are asked to wear **School tracksuit** on **Wednesday, Thursday and Friday** for 2020/ 2021 in order to facilitate the timetabling of an assigned day for 2 classes each week.
NOTE: the school Halla will not be used for P. E.

Risk Level Calculation

- (a) Severity of risk/injury 1=trivial, 2=slight, 3=moderate, 4=major, 5=fatality
 (b) Likelihood of event 1=rare, 2=unlikely, 3=likely, 4=very likely, 5=inevitable
 (c) Risk Rating = (a) X (b)

Risk Level Action

- 1-5 Trivial risk Acceptable
 6-10 Medium risk Requires monitoring
 11-15 Severe risk Requires immediate further action and control
 16-25 Emergency risk Halt activity and review immediately
